Tec-Mar Industries
is proud to support
Healing Little Hearts
and Children's
Hospital Boston
for all of their
research efforts.

Congratulations
on your 1st Annual
Fundraising Event.

TEC-MAR *industries inc.*

Tec-Mar Industries, Inc., is one of the Northeast/
Atlantic Coast industrial supply leaders. We provide
a wide range of industrial safety equipment, loading
solutions, and custom shaft seal applications.

OUR MISSION

Our mission is to fund research at Children's Hospital
Boston that will aid in the treatment and cure
of pediatric heart defects. Specifically, research on tissue
engineered heart valve replacement is one of the
greatest hopes for reducing the number of surgeries
over the course of a child's life and reducing the risks
associated – from death to developmental impairment
– with multiple open heart surgeries. Tissue engineered
heart valves will be an exponential leap in the
survival and quality of life for children born with
life threatening heart problems.

Your presence here tonight shows us
that you support this important research.

Thank you and heart hugs!

Polycast International
is proud to support
Healing Little Hearts
and Children's
Hospital Boston in their
research efforts.

.....

Congratulations
on your 1st Annual
Fundraising Event.

AUCTION RULES

To place a bid in either the live or silent auction, you must first register. Upon registration, your name and address will be verified and you will be given an auction book, with your bid number posted on the back of the book. Use this bid number for bidding in both the live and silent auctions.

The auction committee reserves the right to add or withdraw, without notice, items to or from the auction.

Successful bidders will pick up their merchandise the night of the gala, after payment. Special arrangements can be made for larger items. Payment is to be made in full, by cash, check (made out to: Healing Little Hearts), Visa, Mastercard or American Express.

LIVE AUCTION RULES

The live auction begins approximately at 9 p.m.

Each item will be described by the auctioneer and a starting bid will be given. To enter a bid during the live auction, you must raise the back of your auction book to attract the auctioneer's attention so he can see your bid number. This must be done every time you initiate or increase a bid.

The auctioneer reserves the right to reject any bid that, in his opinion, does not commensurate with the value of the offered item.

Each bid legally obligates the bidder to pay the price in full if that price is deemed the high bid when the auctioneer calls "SOLD." The buyer will be presented with a bid sheet for signature to include their bid number and the price of the items purchased.

Winning bidders will be announced and can retrieve their items at checkout.

Kelly Sol Realty

SILENT AUCTION RULES

To place a bid in the silent auction, simply write your name, bid number and bid amount on the appropriate line of the bid sheet.

All bids must be in at least a minimum of \$20 increments or the bid will not be counted.

Bids must be listed below previous bid.

To increase your bid, write your bid number and your new amount below the last entry.

Bidders do not have to take the next available bid amount, but may skip ahead on the form and put in their preferred purchase amount.

Subsequent bidders must bid higher amounts to be successful.

The silent auction will close in a staggered fashion by sections listed in the auction book, with the final categories closing at approximately 8:45 p.m.

There will be notice given before each section closes.

No additional bids will be accepted once the "auction closed" announcement has been made.

The last signature (and the highest valid bid) on the bid sheet will determine the winning bid.

Please do not remove bid sheets, items or props from the tables.

All winning bidders can retrieve their items at checkout.

TAX INFORMATION

Questions regarding the tax deductibility of purchases or donations should be referred to your personal tax accountant.
